

# ekey finger scanners

Solutions for the electrical industry – *ekey home* | *ekey multi*

# YOUR FINGER. YOUR KEY.

Based in Linz, Austria, ekey is the European market leader for biometric access solutions. As we manufacture and develop our products ourselves, our technological expertise and patented software algorithm make us a reliable partner for business in international markets.

More than one million satisfied customers are the best possible recommendation for our products! For many years, both private households and leading companies, along with organizations such as fire and rescue services, have been putting their trust in proven ekey finger scanners.

## The right solution for every requirement.

Well-known manufacturers integrate ekey finger scanners into their own products as standard.

### ekey INTEGRATION:

- Wall-mounted/outlet-mounted variants
- Door stations
- Doors
- Door handles
- Switches

” *After hundreds of years in use,  
the key has served its time –  
now you literally have the  
future in your hands!* “

Dr. Leopold Gallner  
CEO, ekey biometric systems GmbH

# ekey – Europe's No. 1 for fingerprint access solutions

```
struct Acquire::ExtractBiometry(EventStruct  
quality == Match && m_Extraction_m_result.quality  
tEvent.m_EventID = InternalEvents::extractio  
EventID = InternalEvents::extractio
```

ekey was founded in 2002 and is now Europe's No. 1 for fingerprint access solutions. ekey puts authorization into the customer's hands! Keys, cards, codes, etc., can be lost, forgotten, or stolen. "Your finger is always on hand!" ekey's wide range of products includes finger scanners for doors, gates, alarm systems, and time recording.

The international company currently has 100 employees at its 5 locations in Austria, Germany, Liechtenstein/Switzerland, Italy, and Slovenia, and exports its products to over 70 countries, which makes up 77 % of its business. ekey's main sales markets include Spain and the USA, in addition to Austria, Germany, Switzerland, Slovenia, and Italy.

# Good reasons to choose ekey finger scanners

- USER CONVENIENCE AND MAXIMUM SECURITY
- CUSTOMIZED ACCESS CONTROL
- A WIDE RANGE OF INTEGRATION POSSIBILITIES
- EASY INSTALLATION AND ADMINISTRATION
- CONNECTION TO BUILDING CONTROL SYSTEMS
- SIMPLE MAINTENANCE
- 5-YEAR QUALITY GUARANTEE

## QUALITY

All ekey products undergo a rigorous endurance test before they reach the market. The test involves intensive simulations of blazing heat, biting cold, and high humidity; each finger scanner, along with all of its components, is subjected to these conditions countless times before reaching the customer. Our formula for quality consists of the highest standards of functionality, reliability, and security, which are refined through extensive testing.

## CERTIFIED QUALITY – MADE IN AUSTRIA:

- Extensive production, manufacturing, and functional testing (zero tolerance)
- Testing for environmental and temperature resistance
- Vibration and shock-tested
- Tested for penetration of water and solid foreign objects
- Quality management system in accordance with EN ISO 9001:2015
- CE-compliant

## ekey home

### Single-point access solutions

With just one finger scanner\* control up to 3 functions.

- Can store up to 99 fingerprints
- Can be used to control from 1 to 3 functions (e.g., door, gate, and alarm system)
- Easy to operate with central user administration directly via the control panel
- Or by using the *ekey home app* (*ekey finger scanner integra*, *ekey finger scanner arte*)
- Optional: Transponder access (RFID) is possible  
-> Can also store up to 99 transponders

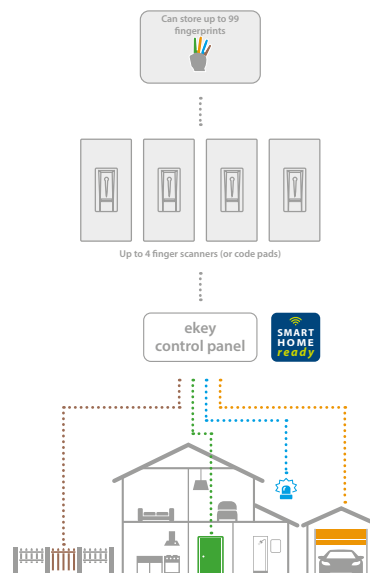

## ekey multi

### Multi-point access solutions

4 finger scanners\* are managed by a single control panel.

- Can store up to 99 fingerprints
- Supports up to 4 finger scanners
- Can control up to 4 functions per finger scanner (e.g., door, gate, and alarm system)
- Individually programmable time slots
- Access log for every finger scanner
- Easy to operate with central user administration directly via the control panel
- User permissions can be assigned on a personalized basis (based on location and time)
- Vacation or permanent program
- Optional: Transponder access (RFID) is possible  
-> Can also store up to 99 transponders

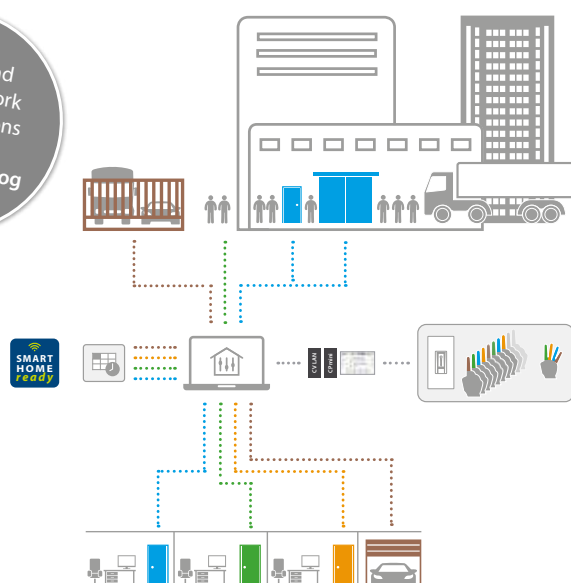

## ekey net

### Network access solutions

The networkable access solution for companies, organizations, and discerning households.

- Can store up to 2,000 fingerprints per finger scanner\*
- Supports up to 80 finger scanners
- Can control up to 4 functions per finger scanner
- Programmable time slots
- Access log for every finger scanner
- Supports cross-site administration
- Central administration via PC
- Calendar function
- Interfaces for establishing external connections
- Optional: Transponder access (RFID) is possible  
-> Can also store up to 2,000 transponders

You can find all our network access solutions in our "ekey net" catalog

\*Alternatively: Code pad (*keypad*) -> can store up to 99 or 2,000 codes

# Steps in the planning process for a successful project

1

## Select the system that suits the size of the project and meets customer requirements:

- a) Single-point access solution *ekey home*
- b) Multi-point access solution *ekey multi*

2

## Select a suitable finger scanner model and function (Bluetooth/RFID) or a code pad:

- a) Finger scanner wall-mounted (*WM*)
- b) Finger scanner outlet-mounted *E (OM E)* or outlet-mounted *I (OM I)*
- c) Finger scanner *integra (IN)*
- d) Code pad *keypad integra (KP IN)*

Select suitable accessories, if required: Weather shield, wall-mounting set, mounting frame, etc.

3

## Select a suitable control panel based on the following criteria:

- a) Wall-mounted (*WM*) or DIN-rail-mounted (*DRM, mini*) inside the distribution box
- b) Consider the number of functions required: 1, 2, or 3 functions with *ekey home* and 4 functions with *ekey multi*

**! Attention:** 1 - 3 functions with different fingers possible on only 1 finger scanner, e.g., index finger on right hand = front door, ring finger on left hand = garage door, ring finger on right hand = alarm system (see the example application in the "Single family house" project on page 9).

4

## Select a suitable power supply:

- a) Simple wall power supply (*PS WPS*)
- b) Convenient DIN-rail-mounted power supply inside the distribution box (*PS DRM*)
- c) Flush mount back box power supply (*PS OM*)
- d) Uninterruptible power supply (*UPS*)

**! Attention:** The scope of delivery for door stations often includes a power supply, which can be used for both finger scanners and code pads. Check the voltage and current needed to control the consumers (door opener, motorized lock).

5

## Select a suitable interface (converter), if required:

- a) For connecting the equipment to home automation systems (*ekey converter CV LAN* and *CV KNX*)
- b) For connecting the equipment to alarm systems or other access control systems (*ekey converter CV WIEG*)

## For door openers and motorized locks, please note:

- a) Although door openers are relatively inexpensive, they do not lock the door (you may not be covered in the event of a break-in).
- b) A motorized lock engages automatically (via mechanical or motorized means) and opens electronically (via motorized means). Advise your customers to purchase a motorized lock or an electric strike when buying a door.

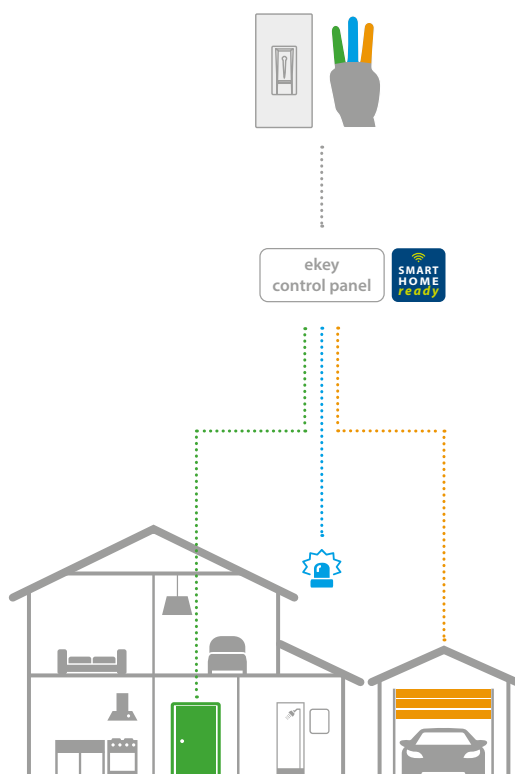

## ekey home

### Single-point access solutions

#### The right access solution for my private space.

ekey home is the innovative finger scanner set\* for your front door or office door. The key features of the system are its simple installation and intuitive user administration. Finger scanners are available in a variety of models to suit different applications.

#### Short facts:

**With just one finger scanner\* control up to 3 functions.**

- Can store up to 99 fingerprints
- Can be used to control from 1 to 3 functions (e.g., door, gate, and alarm system)
- Easy to operate with central user administration directly via the control panel
- Or by using the *ekey home app* (*ekey finger scanner integra*, *ekey finger scanner arte*)
- Optional: Transponder access (RFID) is possible  
-> Can also store up to 99 transponders

\*Alternatively: Code pad (*keypad*) -> can store up to 99 codes

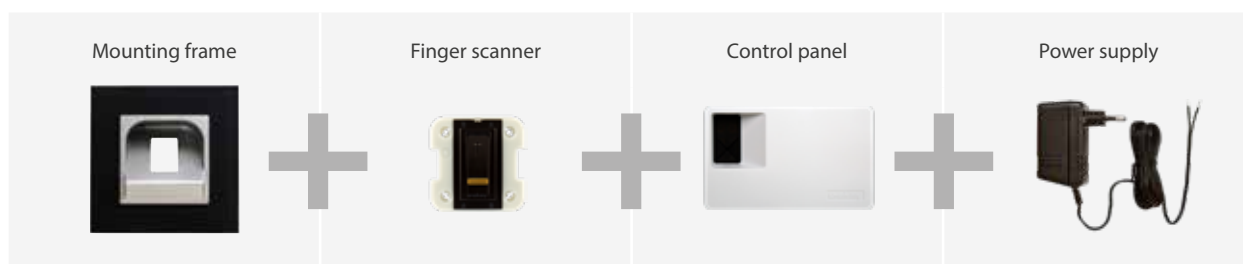

## Example: Single family house

### Customer requirements:

Keyless access for the whole family. The customer wants to be able to operate the front door, garage door, and alarm system from the finger scanner at the front door with three different fingers.

The index finger will open the front door with relay 1. The middle finger will open the garage door with relay 2 and the ring finger will activate or deactivate the alarm system with relay 3.

## ekey operating concepts

It is very important to us that ekey products are always easy and intuitive to use. With this in mind, we have developed a range of operating concepts to suit all sorts of different requirements and applications.

### ekey home app

The innovative and convenient solution for ekey finger scanner administration. All functions of the ekey finger scanner access control system can be set in an instant via your smartphone or tablet. You can also use the app to unlock your front door. Available for Apple iOS and Google Android.

### ekey classic

The proven, easy-to-use system. All settings and access rights can be administered conveniently via the control panel.

### ekey administrator finger

The economic entry-level solution. Access rights can be stored directly on the finger scanner with defined administrator fingers.

## *ekey finger scanner wall-mounted*

For wall mounting and easy retrofitting

## Finger scanner

Part no.	Description
101405	ekey home FS WM, steel gray
101667	ekey home FS WM RFID, steel gray, incl. 2 ekey RFID cards MIFARE DESFire EV1 <ul style="list-style-type: none"> <li>• FAR: 1:10,000,000/FRR: 1:100</li> <li>• Dimensions W x H x D: 45 x 81.6 x 60.3 mm</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 8-24 VDC</li> <li>• IP Code: IP44</li> <li>• Recommended mounting height: 135 cm</li> </ul> <ul style="list-style-type: none"> <li>• Display: 3 multicolored LEDs</li> <li>• Temperature range: -25 °C to 70 °C</li> <li>• Tamper-proof, data is retained in the event of a power failure, bus termination can be deactivated on the device</li> </ul>

## Control panel

### Control panel for DIN-rail mounting

Part no.	Description
101162	ekey home CP DRM 1, 1 relay
101312	ekey home CP DRM 2, 2 relays <ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 86 x 54 mm (4HP)</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 10-24 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• IP Code: IP20</li> <li>• Relay:               <ul style="list-style-type: none"> <li>CP DRM 1, 1 x potential-free</li> <li>CP DRM 2, 2 x potential-free</li> </ul> </li> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Operation: 4 buttons</li> <li>• RS-485 termination: switchable</li> </ul> <ul style="list-style-type: none"> <li>• Inputs (request-to-exit button):               <ul style="list-style-type: none"> <li>CP DRM 1, 1 x potential-free</li> <li>CP DRM 2, 2 x potential-free</li> </ul> </li> <li>• Display: LCD 106 x 56 pixels, 7 lines/21 characters + 2 x 4 status LEDs</li> <li>• Enroll users, delete individual users, set relay switching durations(0-99 s), change security code, adjust LED brightness, reset, test mode, convenient backlit text display, configurable inputs</li> <li>• KNX-compatible</li> </ul>

## Control panel wall-mounted

Part no.	Description
100478	ekey home CP WM 1, 1 relay
100479	ekey home CP WM 3, 3 relays
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 180 x 110 x 41 mm</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 8-12 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• Relay: 1 or 3 relays CP WM 1, 1 x potential-free CP WM 3, 3 x potential-free</li> <li>• IP Code: IP20</li> </ul>
	<ul style="list-style-type: none"> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Display: 2 x 7-segment display, LED</li> <li>• Operation: 4 buttons</li> <li>• RS-485 termination: fixed</li> <li>• Enroll users, delete individual users, set relay switching durations(0-99 s), change security code, reset</li> </ul>

## Power supply

Part no.	Description
101700	ekey PS WPS 230 VAC/12 VDC/0.8 A, wall power supply
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 52 x 78.5 x 45 mm</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/0.8 A</li> <li>• Cable length: 3.5 m</li> </ul>
100204	ekey PS OM 230 VAC/12 VDC/2 A, power supply outlet-mounted
	<ul style="list-style-type: none"> <li>• Dimensions Ø x H: 54 x 31 mm</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>
100205	ekey PS DRM 230 VAC/12 VDC/2 A, power supply for DIN-rail mounting
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 52.5 x 93 x 68.5 mm (3HP)</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -10 °C to 45 °C</li> </ul>
100891	ekey PS DRM 230 VAC/24 VDC/2 A, power supply for DIN-rail mounting*
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 93 x 66.5 mm (4HP)</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 24 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>

**!** \*Important: Not compatible with ekey home CP WM 1 and ekey home CP WM 3.

## Uninterruptible power supply

Our recommendation

The uninterruptible power supply (UPS) comprises a switched-mode power supply and a battery. In the event of a power failure, it can be relied upon to supply power to the finger scanner, the control panel, and the motorized lock for several hours.

Part no.	Description
101559	ekey UPS DRM 230 VAC/12 VDC/5 A + REBAT 4 Ah, for DIN-rail mounting
	<ul style="list-style-type: none"> <li>Dimensions W x H x D: UPS: 252 x 68 x 95 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>Supply voltage: 195-265 VAC</li> <li>2 parts: UPS (switched-mode power supply) and battery</li> <li>Output voltage, output current: 12 VDC/5 A</li> </ul>
	<ul style="list-style-type: none"> <li>Temperature range: -10 °C to 40 °C</li> <li>Function display: LED</li> <li>Advantage: Replaces line voltage power supply; ensures a reliable power supply to the system for several hours. Suitable for use in conjunction with a motorized lock.</li> </ul>
101593	ekey UPS DRM 230 VAC/24 VDC/3 A + REBAT 4 Ah, for DIN-rail mounting*
	<ul style="list-style-type: none"> <li>Dimensions W x H x D: UPS: 403.2 x 93 x 66.5 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>Supply voltage: 195-265 VAC</li> <li>3 parts: UPS (switched-mode power supply) and 2 x batteries</li> <li>Output voltage, output current: 24 VDC/3 A</li> </ul>
	<ul style="list-style-type: none"> <li>Temperature range: -10 °C to 40 °C</li> <li>Function display: LED</li> <li>Advantage: Replaces line voltage power supply; ensures a reliable power supply to the system for several hours. Suitable for use in conjunction with a motorized lock.</li> </ul>

! **\*Important:** Not compatible with ekey home CP WM 1 and ekey home CP WM 3.

! **Important:** Not available in all countries. Ask your sales partner.

## Complete set

Part no.	Description
101409	ekey home set WM DRM 1, with control panel for DIN-rail-mounting, 1 relay
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>ekey home FS WM</li> <li>ekey home CP DRM 1</li> <li>ekey PS DRM 230 VAC/12 VAC/2 A</li> </ul>

Part no.	Description
101407	ekey home set WM WM 1, with control panel wall-mounted, 1 relay
101408	ekey home set WM WM 3, with wall-mounted control panel, 3 relays
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>ekey home FS WM</li> <li>ekey home CP WM, number of relays according to control panel</li> <li>ekey PS WPS 230 VAC/12 VDC/0.8 A</li> </ul>

## Interface

### Interface for connecting the equipment to home automation systems

Part no.	Description
100460	ekey home CV LAN RS-485
	<ul style="list-style-type: none"> <li>RS-485/LAN interface for connection to third-party systems (e.g., KNX) with UDP protocol</li> <li>Scope of delivery: LAN converter, software</li> </ul>

- ! **Attention:** This accessory is only available in combination with *ekey FS OM E!*
- ! **\*Important:** Not compatible with the *Siedle Vario* surface-mounted door station.

### Accessories - Gira 106

Part no.	Description
101992	ekey Modul GIRA System 106 TW, traffic white
101991	ekey Modul GIRA System 106 AL, aluminum
101990	ekey Modul GIRA System 106 ST V2A, stainless steel V2A

- ! **Attention:** This accessory is only available in combination with *ekey FS OM E!*
- ! **Attention:** RFID function is not possible behind stainless steel or aluminum!

### Accessories - 2N Verso

Part no.	Description
101993	ekey Modul 2N IP Verso BL

- ! **Attention:** This accessory is only available in combination with *ekey FS OM E!*

## Control panel

### Control panel for DIN-rail mounting

Part no.	Description
101162	ekey home CP DRM 1, 1 relay
101312	ekey home CP DRM 2, 2 relays
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 86 x 54 mm (4HP)</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 10-24 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• IP Code: IP20</li> <li>• Relay:               <ul style="list-style-type: none"> <li>CP DRM 1, 1 x potential-free</li> <li>CP DRM 2, 2 x potential-free</li> </ul> </li> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Operation: 4 buttons</li> <li>• RS-485 termination: switchable</li> </ul>
	<ul style="list-style-type: none"> <li>• Inputs (request-to-exit button):               <ul style="list-style-type: none"> <li>CP DRM 1, 1 x potential-free</li> <li>CP DRM 2, 2 x potential-free</li> </ul> </li> <li>• Display: LCD 106 x 56 pixels, 7 lines/21 characters + 2 x 4 status LEDs</li> <li>• Enroll users, delete individual users, set relay switching durations(0-99 s), change security code, adjust LED brightness, reset, test mode, convenient backlit text display, configurable inputs</li> <li>• KNX-compatible</li> </ul>

### Control panel wall mounted

Part no.	Description
100478	ekey home CP WM 1, 1 relay
100479	ekey home CP WM 3, 3 relays
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 180 x 110 x 41 mm</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 8-12 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• Relay: 1 or 3 relays               <ul style="list-style-type: none"> <li>CP WM 1, 1 x potential-free</li> <li>CP WM 3, 3 x potential-free</li> </ul> </li> <li>• IP Code: IP20</li> </ul>
	<ul style="list-style-type: none"> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Display: 2 x 7-segment display, LED</li> <li>• Operation: 4 buttons</li> <li>• RS-485 termination: fixed</li> <li>• Enroll users, delete individual users, set relay switching durations(0-99 s), change security code, reset</li> </ul>

## Power supply

Part no.	Description
101700	ekey PS WPS 230 VAC/12 VDC/0.8 A, wall power supply
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 52 x 78.5 x 45 mm</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/0.8 A</li> <li>• Cable length: 3.5 m</li> </ul>
100204	ekey PS OM 230 VAC/12 VDC/2 A, power supply outlet-mounted
	<ul style="list-style-type: none"> <li>• Dimensions Ø x H: 54 x 31 mm</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>
100205	ekey PS DRM 230 VAC/12 VDC/2 A, power supply for DIN-rail mounting
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 52.5 x 93 x 68.5 mm (3HP)</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -10 °C to 45 °C</li> </ul>
100891	ekey PS DRM 230 VAC/24 VDC/2 A, power supply for DIN-rail mounting*
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 93 x 66.5 mm (4HP)</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 24 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>

**!** \*Important: Not compatible with ekey home CP WM 1 and ekey home CP WM 3.

## Uninterruptible power supply

Our recommendation

The uninterruptible power supply (UPS) comprises a switched-mode power supply and a battery. In the event of a power failure, it can be relied upon to supply power to the finger scanner, the control panel, and the motorized lock for several hours.

Part no.	Description
101559	ekey UPS DRM 230 VAC/12 VDC/5 A + REBAT 4 Ah, for DIN-rail mounting
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 252 x 68 x 95 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 2 parts: UPS (switched-mode power supply) and battery</li> <li>• Output voltage, output current: 12 VDC/5 A</li> <li>• Temperature range: -10 °C to 40 °C</li> <li>• Function display: LED</li> <li>• Advantage: Replaces line voltage power supply; ensures a reliable power supply to the system for several hours. Suitable for use in conjunction with a motorized lock.</li> </ul>
101593	ekey UPS DRM 230 VAC/24 VDC/3 A + REBAT 4 Ah, for DIN-rail mounting*
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 403.2 x 93 x 66.5 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 3 parts: UPS (switched-mode power supply) and 2 x batteries</li> <li>• Output voltage, output current: 24 VDC/3 A</li> <li>• Temperature range: -10 °C to 40 °C</li> <li>• Function display: LED</li> <li>• Advantage: Replaces line voltage power supply; ensures a reliable power supply to the system for several hours. Suitable for use in conjunction with a motorized lock.</li> </ul>

**!** \*Important: Not compatible with ekey home CP WM 1 and ekey home CP WM 3.

**!** Important: Not available in all countries. Ask your sales partner.

## Complete set

Part no.	Description
101426	ekey home set FS OM I DRM 1, with control panel for DIN-rail mounting, 1 relay
101660	ekey home set FS OM I DRM 2, with control panel for DIN-rail mounting, 2 relays
The complete set includes:	
<ul style="list-style-type: none"> <li>• ekey home FS OM I</li> <li>• ekey home CP DRM, number of relays according to the control panel</li> </ul>	

**! Attention:** The scope of delivery for door stations often includes a power supply, which can be used for finger scanners and code pads too. Check the voltage and current needed to control the consumers (door opener, motorized lock).

## Interface

### Interface for connecting the equipment to home automation systems

Part no.	Description
100460	ekey home CV LAN RS-485
<ul style="list-style-type: none"> <li>• RS-485/LAN interface for connection to third-party systems (e.g., KNX) with UDP protocol</li> <li>• Scope of delivery: LAN converter, software</li> </ul>	

### Protokoll ekey home

1	0046	4	80004426110003	1	2
Packet type	User ID	Finger ID	Finger scanner serial number	Action	Relay output

Part no.	Description
101719	ekey home CV KNX RS-485
<ul style="list-style-type: none"> <li>• The ekey KNX converter is used to trigger functions in home automation systems based on the KNX home automation bus.</li> <li>• Makeup: DIN-rail mounting</li> <li>• Dimensions W x H x D: 18 x 98 x 61 mm (1HP)</li> <li>• Supply voltage: 12-24 VDC</li> <li>• Mounting type: DIN rail</li> <li>• RS-485 cable length: 10 m</li> </ul>	
<ul style="list-style-type: none"> <li>• Number of RS-485 interfaces: 1</li> <li>• RS-485 protocol: ekey home</li> <li>• 12 events (10 freely configurable, 1 "Unknown", 1 "Security") in addition to relay contacts on the control panel</li> <li>• Own ETS application (ETS 5)</li> <li>• Functions: Switching, sending values, selecting scenes</li> <li>• Assigning an event to a finger</li> </ul>	

## Interface for connecting the equipment to alarm or other access control systems

Part no.	Description	
101582	ekey home CV WIEG RS-485	
	<p>The ekey Wiegand converter converts the RS-485 protocol used by ekey into a 26-bit Wiegand protocol. The product can be configured with the <i>ekey multi CV USB RS-485</i> (100433).</p>	<ul style="list-style-type: none"> <li>• Scope of delivery: Wiegand converter, software</li> </ul>

## Interface for connecting the equipment to KNX systems

Mfr.	Description	
netyard	ekey KNX CONNECT	
	<p>The <i>ekey KNX CONNECT</i> is based on the ISE SMART KNX PROGRAMMABLE, which easily and reliably connects the ekey system to the KNX bus. The IP interface is used for communication with the ekey system. The <i>ekey KNX CONNECT</i> can be used with <i>ekey home</i>, <i>ekey multi</i> and <i>ekey net</i> products.</p>	<ul style="list-style-type: none"> <li>• Further information: <a href="http://www.netyard.de/en/">www.netyard.de/en/</a></li> </ul>

## *ekey finger scanner outlet-mounted E*

For integration into switch frames of well-known manufacturers

## Finger scanner

### For integration into switch frames

Part no.	Description
101148	ekey home FS OM E
101673	ekey home FS OM E RFID, incl. 2 ekey RFID cards MIFARE DESFire EV1
102007	ekey home FS OM E BL, black
102010	ekey home FS OM E BL RFID, black, incl. 2 ekey RFID cards MIFARE DESFire EV1
	<ul style="list-style-type: none"> <li>FAR: 1:10,000,000/FRR: 1:100</li> <li>Dimensions W x H x D: 50.4 x 50.4 x 30.1 mm</li> <li>Power consumption: approx. 1 W</li> <li>Supply voltage: 8-24 VDC</li> <li>Temperature range: -25 °C to 70 °C</li> <li>Display: 3 multicolored LEDs</li> <li>Recommended mounting height: 155 cm</li> </ul>
	<ul style="list-style-type: none"> <li>Tamper-proof, data is retained in the event of a power failure, bus termination can be deactivated on the device, compatible with many switch ranges with 50 x 50 mm internal dimension</li> <li>Incl. bezel, mounting bracket, spacers, sealing flange</li> </ul>
101690	ekey RFID card MIFARE DESFire EV1 2 KB logo, ekey design, ISO 14443 A
101692	ekey RFID card MIFARE DESFire EV1 2 KB WHI, white, ISO 14443 A
101691	ekey fob BL MIFARE DESFire EV1 2 KB, black, ISO 14443 A

### Accessories – bezel

Part no.	Description
101166	ekey bezel FS OM PW 50x50, plastic, pure white
101167	ekey bezel FS OM AIG 50x50, plastic, aluminum gray
101168	ekey bezel FS OM AN 50x50, plastic, anthracite

### Accessories – frame basalte

Part no.	Description
102036	ekey frame FS OM basalte sentido BL, brushed black
102049	ekey frame FS OM basalte sentido SaW, satin white
	<ul style="list-style-type: none"> <li>Dimensions W x H x D: 80 x 80 x 8 mm</li> <li>Cover provides maximum IP33 protection and is designed for interior use</li> </ul>

**!** Attention: RFID function is not possible behind stainless steel and aluminum!

**!** Parts shown in red must be purchased from the switch manufacturer.

**!** The ekey FS OM E has been designed for installation in flush mount back boxes in accordance with DIN 49073.

Flush mount back box for use in plasterwork

## Accessories – frame

Part no.	Description	
101372	ekey frame FS OM ST, brushed stainless steel*	
	• Dimensions W x H x D: 85 x 85 x 7.2 mm	• Cover provides the device with IP44 protection for use outdoors on exterior rendering with max. 1.5 mm grain size around the electrical outlet.
101702	ekey frame FS OM GL WHI, glass, white	
101703	ekey frame FS OM GL BL, glass, black	
101704	ekey frame FS OM GL MI, glass, mint	
	• Dimensions W x H x D: 100 x 100 x 7.5 mm	• Cover provides the device with IP44 protection for use outdoors on exterior rendering with max. 1.5 mm grain size around the electrical outlet.
101705	ekey frame FS OM503 GL WHI, glass, white	
101706	ekey frame FS OM503 GL BL, glass, black	
101707	ekey frame FS OM503 GL MI, glass, mint	
	• Dimensions W x H x D: 125 x 100 x 7.5 mm	• Cover provides the device with IP44 protection for use outdoors on exterior rendering with max. 1.5 mm grain size around the electrical outlet type 503.

! \*Attention: RFID function is not possible with ekey frame FS OM ST!

## Accessories – mounting frame

Part no.	Description	
101779	ekey mounting frame FS OM GL WHI, glass, white	
101780	ekey mounting frame FS OM GL BL, glass, black	
101781	ekey mounting frame FS OM GL MI, glass, mint	
101785	ekey mounting frame FS OM GL MI LED, glass, mint with alarm LEDs	
101786	ekey mounting frame FS OM GL BL LED, glass, black with alarm LEDs	
101787	ekey mounting frame FS OM GL WHI LED, glass, white with alarm LEDs	
	• Dimensions W x H x D: Mounting frame: 105 x 105 x 54 mm Flush mount back box: 72 x 72 x 57 mm • Material: Glass, plastic	• Recommended mounting height: 100 cm • Scope of delivery: Mounting frame and flush mount back box. A standard flush mount back box is not suitable.
101838	ekey cavity wall box WHI, for mounting frame FS OM	
	• Dimensions W x H x D: 83 x 83 x 65 mm	• Material: Plastic
101896	ekey integrationkit FS OM E	
101901	ekey integrationkit FS OM E LED, with alarm LEDs	
	The ekey integrationkit FS OM E is an accessory for the ekey finger scanner FS OM E and can be built into a wide variety of products (letterboxes, door stations, etc.). It is only ever mounted by the user, opening up a number of new possible applications.	• Suitable for RFID • Recommended mounting height: 100 cm • Scope of delivery: Mounting bracket for FS OM E, adhesive tape as a mounting aid*

! \*Notice: The adhesive tape is a mounting aid and has not been tested by ekey for all applications. The installer must always check the appropriate way to affix the ekey integrationkit FS OM E for each particular application.

## Control panel

### Control panel for DIN-rail mounting

Part no.	Description
101162	ekey home CP DRM 1, 1 relay
101312	ekey home CP DRM 2, 2 relays
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 86 x 54 mm (4HP)</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 10-24 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• IP Code: IP20</li> <li>• Relay:               <ul style="list-style-type: none"> <li>CP DRM 1, 1 x potential-free</li> <li>CP DRM 2, 2 x potential-free</li> </ul> </li> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Operation: 4 buttons</li> <li>• RS-485 termination: switchable</li> </ul>
	<ul style="list-style-type: none"> <li>• Inputs (request-to-exit button):               <ul style="list-style-type: none"> <li>CP DRM 1, 1 x potential-free</li> <li>CP DRM 2, 2 x potential-free</li> </ul> </li> <li>• Display: LCD 106 x 56 pixels, 7 lines/21 characters + 2 x 4 status LEDs</li> <li>• Enroll users, delete individual users, set relay switching durations(0-99 s), change security code, adjust LED brightness, reset, test mode, convenient backlit text display, configurable inputs</li> <li>• KNX-compatible</li> </ul>

### Control panel wall-mounted

Part no.	Description
100478	ekey home CP WM 1, 1 relay
100479	ekey home CP WM 3, 3 relays
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 180 x 110 x 41 mm</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 8-12 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• Relay: 1 or 3 relays               <ul style="list-style-type: none"> <li>CP WM 1, 1 x potential-free</li> <li>CP WM 3, 3 x potential-free</li> </ul> </li> <li>• IP Code: IP20</li> </ul>
	<ul style="list-style-type: none"> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Display: 2 x 7-segment display, LED</li> <li>• Operation: 4 buttons</li> <li>• RS-485 termination: fixed</li> <li>• Enroll users, delete individual users, set relay switching durations(0-99 s), change security code, reset</li> </ul>

## Power supply

Part no.	Description
101700	ekey PS WPS 230 VAC/12 VDC/0.8 A, wall power supply <ul style="list-style-type: none"> <li>• Dimensions W x H x D: 52 x 78.5 x 45 mm</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/0.8 A</li> <li>• Cable length: 3.5 m</li> </ul>
100204	ekey PS OM 230 VAC/12 VDC/2 A, power supply outlet-mounted <ul style="list-style-type: none"> <li>• Dimensions Ø x H: 54 x 31 mm</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>
100205	ekey PS DRM 230 VAC/12 VDC/2 A, power supply for DIN-rail mounting <ul style="list-style-type: none"> <li>• Dimensions W x H x D: 52.5 x 93 x 68.5 mm (3HP)</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -10 °C to 45 °C</li> </ul>
100891	ekey PS DRM 230 VAC/24 VDC/2 A, power supply for DIN-rail mounting* <ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 93 x 66.5 mm (4HP)</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 24 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>

**!** \*Important: Not compatible with ekey home CP WM 1 and ekey home CP WM 3.

## Uninterruptible power supply

Our recommendation

The uninterruptible power supply (UPS) comprises a switched-mode power supply and a battery. In the event of a power failure, it can be relied upon to supply power to the finger scanner, the control panel, and the motorized lock for several hours.

Part no.	Description
101559	ekey UPS DRM 230 VAC/12 VDC/5 A + REBAT 4 Ah, for DIN-rail mounting <ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 252 x 68 x 95 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 2 parts: UPS (switched-mode power supply) and battery</li> <li>• Output voltage, output current: 12 VDC/5 A</li> <li>• Temperature range: -10 °C to 40 °C</li> <li>• Function display: LED</li> <li>• Advantage: Replaces line voltage power supply; ensures a reliable power supply to the system for several hours. Suitable for use in conjunction with a motorized lock.</li> </ul>
101593	ekey UPS DRM 230 VAC/24 VDC/3 A + REBAT 4 Ah, for DIN-rail mounting* <ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 403.2 x 93 x 66.5 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 3 parts: UPS (switched-mode power supply) and 2 x batteries</li> <li>• Output voltage, output current: 24 VDC/3 A</li> <li>• Temperature range: -10 °C to 40 °C</li> <li>• Function display: LED</li> <li>• Advantage: Replaces line voltage power supply; ensures a reliable power supply to the system for several hours. Suitable for use in conjunction with a motorized lock.</li> </ul>

**!** \*Important: Not compatible with ekey home CP WM 1 and ekey home CP WM 3.

**!** Important: Not available in all countries. Ask your sales partner.

## Complete set

Part no.	Description
101165	ekey home set OM E DRM 1, with control panel for DIN-rail mounting, 1 relay
The complete set includes: <ul style="list-style-type: none"> <li>• ekey home FS OM E</li> <li>• ekey bezel FS OM PW</li> <li>• ekey home CP DRM 1</li> <li>• ekey PS DRM 230 VAC/12 VAC/2 A</li> </ul>

101691	ekey fob BL MIFARE DESFire EV1 2 KB, black, ISO 14443 A

## Accessories – design element

Part no.	Description
	Design element FS IN
101254	ekey design element FS IN SG, stainless steel gray
101305	ekey design element FS IN BL, black
101304	ekey design element FS IN WHI, white
101303	ekey design element FS IN GO, gold
101973	ekey design element FS IN AN, anthracite
	Design element FS IN RFID
101688	ekey design element FS IN RFID SG, stainless steel gray*
101904	ekey design element FS IN RFID BL, black*
101933	ekey design element FS IN RFID WHI, white*
	Design element FS IN (RFID) GL
101978	ekey design element FS IN (RFID) GL SG, glass, stainless steel gray
101979	ekey design element FS IN (RFID) GL AN, glass, white
101980	ekey design element FS IN (RFID) GL WHI, glass, anthracite

**!** Important: Not available in all countries. Ask your sales partner.

## Accessories – mounting frame

Part no.	Description
101716	ekey mounting frame FS IN GL AN, glass, anthracite
101717	ekey mounting frame FS IN GL WHI, glass, white
101801	ekey mounting frame FS IN GL AN LED, glass, anthracite with alarm LEDs
101802	ekey mounting frame FS IN GL WHI LED, glass, white with alarm LEDs
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 53.5 x 127 x 24 mm</li> <li>• Material: Stainless steel, glass</li> <li>• Recommended mounting height: 155 cm</li> </ul>

## Accessories – mounting frame with bell module

Part no.	Description
101803	ekey mounting frame FS IN BeM GL WHI, glass, white
101804	ekey mounting frame FS IN BeM GL AN, glass, anthracite
101807	ekey mounting frame FS IN BeM GL WHI LED, glass, white with alarm LEDs
101808	ekey mounting frame FS IN BeM GL AN LED, glass, anthracite with alarm LEDs
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 53.5 x 171 x 24 mm</li> <li>• Material: Stainless steel, glass</li> <li>• Recommended mounting height: 155 cm</li> <li>• 2 buttons to trigger a bell electronically</li> </ul>

## Accessories – wall-mounting set

Part no.	Description
101302	ekey wall-mounting set FS IN ST, stainless steel
101301	ekey wall-mounting set FS IN ST LED, stainless steel with alarm LEDs
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D:</li> <li>• Front plate: 96 x 142 x 2 mm</li> <li>• Outlet-mounted housing: 60 x 122 x 36 mm</li> </ul>
101147	ekey weather shield FS IN ST, stainless steel
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D:</li> <li>• Front plate: 126 x 142 x 65 mm</li> <li>• Outlet-mounted housing: 60 x 122 x 36 mm</li> </ul>
101300	ekey flush mount back box FS IN, for flush-mounting installation, 0.5 mm sheet
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 42 x 87 x 25 mm</li> </ul>

**!** Notice: Only available in conjunction with ekey design elements.

## Control panel

### Control panel for DIN-rail mounting

Part no.	Description
101162	ekey home CP DRM 1, 1 relay
101312	ekey home CP DRM 2, 2 relays
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 86 x 54 mm (4HP)</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 10-24 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• IP Code: IP20</li> <li>• Relay: <ul style="list-style-type: none"> <li>CP DRM 1, 1 x potential-free</li> <li>CP DRM 2, 2 x potential-free</li> </ul> </li> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Operation: 4 buttons</li> <li>• RS-485 termination: switchable</li> <li>• Inputs (request-to-exit button): <ul style="list-style-type: none"> <li>CP DRM 1, 1 x potential-free</li> <li>CP DRM 2, 2 x potential-free</li> </ul> </li> <li>• Display: LCD 106 x 56 pixels, 7 lines/21 characters + 2 x 4 status LEDs</li> <li>• Enroll users, delete individual users, set relay switching durations(0-99 s), change security code, adjust LED brightness, reset, test mode, convenient backlit text display, configurable inputs</li> <li>• KNX-compatible</li> </ul>

## Control panel wall-mounted

Part no.	Description
100478	ekey home CP WM 1, 1 relay
100479	ekey home CP WM 3, 3 relays
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 180 x 110 x 41 mm</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 8-12 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• Relay: 1 or 3 relays CP WM 1, 1 x potential-free CP WM 3, 3 x potential-free</li> <li>• IP Code: IP20</li> </ul>
	<ul style="list-style-type: none"> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Display: 2 x 7-segment display, LED</li> <li>• Operation: 4 buttons</li> <li>• RS-485 termination: fixed</li> <li>• Enroll users, delete individual users, set relay switching durations(0-99 s), change security code, reset</li> </ul>

## Control panel mini

Part no.	Description
101626	ekey home CP mini 1, 1 relay
101770	ekey home CP mini 2, 2 relays
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 25 x 60 x 42 mm (1HP)</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 8-24 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• IP Code: IP20</li> <li>• Normally open contact (NO/C)</li> </ul>
	<ul style="list-style-type: none"> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Relay: 1 or 2 relays CP mini 1, 1 x potential-free CP mini 2, 2 x potential-free</li> <li>• Inputs (request-to-exit button): CP mini 1, 1 x potential-free</li> <li>• Reset button on the control panel</li> </ul>

## Power supply

Part no.	Description
101700	ekey PS WPS 230 VAC/12 VDC/0.8 A, wall power supply
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 52 x 78.5 x 45 mm</li> <li>• Supply voltage: 230 VAC</li> </ul>
	<ul style="list-style-type: none"> <li>• Output voltage, output current: 12 VDC/0.8 A</li> <li>• Cable length: 3.5 m</li> </ul>
100204	ekey PS OM 230 VAC/12 VDC/2 A, power supply outlet-mounted
	<ul style="list-style-type: none"> <li>• Dimensions Ø x H: 54 x 31 mm</li> <li>• Supply voltage: 230 VAC</li> </ul>
	<ul style="list-style-type: none"> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>
100205	ekey PS DRM 230 VAC/12 VDC/2 A, power supply for DIN-rail mounting
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 52.5 x 93 x 68.5 mm (3HP)</li> <li>• Supply voltage: 230 VAC</li> </ul>
	<ul style="list-style-type: none"> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -10 °C to 45 °C</li> </ul>
100891	ekey PS DRM 230 VAC/24 VDC/2 A, power supply for DIN-rail mounting*
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 93 x 66.5 mm (4HP)</li> <li>• Supply voltage: 230 VAC</li> </ul>
	<ul style="list-style-type: none"> <li>• Output voltage, output current: 24 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>

**!** \*Important: Not compatible with ekey home CP WM 1 and ekey home CP WM 3.

## Uninterruptible power supply

Our recommendation

The uninterruptible power supply (UPS) comprises a switched-mode power supply and a battery. In the event of a power failure, it can be relied upon to supply power to the finger scanner, the control panel, and the motorized lock for several hours.

Part no.	Description
101559	ekey UPS DRM 230 VAC/12 VDC/5 A + REBAT 4 Ah, for DIN-rail mounting
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 252 x 68 x 95 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 2 parts: UPS (switched-mode power supply) and battery</li> <li>• Output voltage, output current: 12 VDC/5 A</li> </ul>
101593	ekey UPS DRM 230 VAC/24 VDC/3 A + REBAT 4 Ah, for DIN-rail mounting*
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 403.2 x 93 x 66.5 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 3 parts: UPS (switched-mode power supply) and 2 x batteries</li> <li>• Output voltage, output current: 24 VDC/3 A</li> </ul>

! **\*Important:** Not compatible with *ekey home CP WM 1* and *ekey home CP WM 3*.

! **Important:** Not available in all countries. Ask your sales partner.

## Complete set

Part no.	Description
101313	ekey home set IN DRM 1, with control panel for DIN-rail-mounting, 1 relay
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>• <i>ekey home FS IN</i></li> <li>• <i>ekey design element FS IN SG</i></li> <li>• <i>ekey home CP DRM 1</i></li> <li>• <i>ekey PS DRM 230 VAC/12 VDC/2 A</i></li> </ul>

Part no.	Description
101583	ekey home set IN BT mini 1, with control panel mini, 1 relay
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>• <i>ekey home FS IN Bluetooth</i></li> <li>• <i>ekey design element FS IN SG</i></li> <li>• <i>ekey home CP mini 1</i></li> <li>• <i>ekey PS DRM 230 VAC/12 VDC/2 A</i></li> </ul>

Part no.	Description
101287	ekey home set IN WM 1, with control panel wall-mounted, 1 relay
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>• ekey home FS IN</li> <li>• ekey design element FS IN SG</li> <li>• ekey home CP WM 1</li> <li>• ekey PS WPS 230 VAC/12 VDC/0.8 A</li> </ul>

### All-in-One complete sets Open your door with a finger, transponder, or app!

Part no.	Description
101863	ekey home set IN BT RFID mini 1 GL AN, with control panel mini, 1 relay
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>• ekey home FS IN Bluetooth RFID</li> <li>• ekey mounting frame FS IN GL AN</li> <li>• ekey home CP mini 1</li> <li>• ekey PS WPS 230 VAC/12 VDC/0.8 A</li> </ul>

Part no.	Description
101864	ekey home set IN BT RFID mini 1 GL WHI, with control panel mini, 1 relay
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>• ekey home FS IN Bluetooth RFID</li> <li>• ekey mounting frame FS IN GL WHI</li> <li>• ekey home CP mini 1</li> <li>• ekey PS WPS 230 VAC/12 VDC/0.8 A</li> </ul>

Part no.	Description
101865	ekey home set IN BT RFID mini 1 BeM GL AN, with control panel mini, 1 relay
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>• ekey home FS IN Bluetooth RFID</li> <li>• ekey mounting frame FS IN BeM GL AN</li> <li>• ekey home CP mini 1</li> <li>• ekey PS WPS 230 VAC/12 VDC/0.8 A</li> </ul>

Part no.	Description
101866	ekey home set IN BT RFID mini 1 BeM GL WHI, with control panel mini, 1 relay
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>• ekey home FS IN Bluetooth RFID</li> <li>• ekey mounting frame FS IN BeM GL WHI</li> <li>• ekey home CP mini 1</li> <li>• ekey PS WPS 230 VAC/12 VDC/0.8 A</li> </ul>

## Interface

### Interface for connecting the equipment to home automation systems

Part no.	Description
100460	ekey home CV LAN RS-485
	<ul style="list-style-type: none"> <li>RS-485/LAN interface for connection to third-party systems (e.g., KNX) with UDP protocol</li> <li>Scope of delivery: LAN converter, software</li> </ul>

### ekey home protocol

1	0046	4	80004426110003	1	2
Packet type	User ID	Finger ID	Finger scanner serial number	Action	Relay output

Part no.	Description
101719	ekey home CV KNX RS-485
	<ul style="list-style-type: none"> <li>The ekey KNX converter is used to trigger functions in home automation systems based on the KNX home automation bus.</li> <li>Makeup: DIN-rail mounting</li> <li>Dimensions W x H x D: 18 x 98 x 61 mm (1HP)</li> <li>Supply voltage: 12-24 VDC</li> <li>Mounting type: DIN rail</li> <li>RS-485 cable length: 10 m</li> <li>Number of RS-485 interfaces: 1</li> <li>RS-485 protocol: <i>ekey home</i></li> <li>12 events (10 freely configurable, 1 "Unknown", 1 "Security") in addition to relay contacts on the control panel</li> <li>Own ETS application (ETS 5)</li> <li>Functions: Switching, sending values, selecting scenes</li> <li>Assigning an event to a finger</li> </ul>

### Interface for connecting the equipment to alarm or other access control systems

Part no.	Description
101582	ekey home CV WIEG RS-485
	<p>The ekey Wiegand converter converts the RS-485 protocol used by ekey into a 26-bit Wiegand protocol. The product can be configured with the <i>ekey multi CV USB RS-485</i> (100433).</p> <ul style="list-style-type: none"> <li>Scope of delivery: Wiegand converter, software</li> </ul>

### Interface for connecting the equipment to KNX systems

Mfr.	Description
netyard	ekey KNX CONNECT
	<p>The <i>ekey KNX CONNECT</i> is based on the ISE SMART KNX PROGRAMMABLE, which easily and reliably connects the ekey system to the KNX bus. The IP interface is used for communication with the ekey system. The <i>ekey KNX CONNECT</i> can be used with <i>ekey home</i>, <i>ekey multi</i> and <i>ekey net</i> products.</p> <ul style="list-style-type: none"> <li>Further information: <a href="http://www.netyard.de/en/">www.netyard.de/en/</a></li> </ul>

# ekey home app

**GET CONNECTED!**

## Simple, secure, convenient.

### ACCESS

- Open doors via app (smartphone/tablet device)
- Assign access authorization with a user code
- Provide temporary access (while on vacation, for example)

### USER ADMINISTRATION

- Easy to create, manage, and delete users
- Enable or disable users at the touch of a button
- Assign authorizations for defined access
- Store fingers via the app
- Easy administration of up to 99 fingerprints
- Administration of up to 99 RFID transponders\*

### SECURITY

- Administrator and user level
- 4 to 6-digit app security code
- Enhanced security thanks to 6-digit coupling code
- Administrator is able to change and administer security codes
- Deactivate the finger scanner's Bluetooth function

### USEFUL TOOLS

- Adjustable LED brightness on the finger scanner
- Relay switching times can be set individually
- Reset the system to default settings

The *ekey home app* is only compatible with the *ekey home – single-point access solutions* system!

\* Only in the case of *ekey finger scanner integra Bluetooth RFID*

	<ul style="list-style-type: none"> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -10 °C to 45 °C</li> </ul>
100891	ekey PS DRM 230 VAC/24 VDC/2 A, power supply for DIN-rail mounting*
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 93 x 66.5 mm (4 HP)</li> <li>• Supply voltage: 230 VAC</li> </ul>
	<ul style="list-style-type: none"> <li>• Output voltage, output current: 24 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>

**!** \*Important: Not compatible with ekey home CP WM 1 and ekey home CP WM 3.

## Uninterruptible power supply

Our recommendation

The uninterruptible power supply (UPS) comprises a switched-mode power supply and a battery. In the event of a power failure, it can be relied upon to supply power to the finger scanner, the control panel, and the motorized lock for several hours.

Part no.	Description
101559	ekey UPS DRM 230 VAC/12 VDC/5 A + REBAT 4 Ah, for DIN-rail mounting
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 252 x 68 x 95 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 2 parts: UPS (switched-mode power supply) and battery</li> <li>• Output voltage, output current: 12 VDC/5 A</li> </ul>
101593	ekey UPS DRM 230 VAC/24 VDC/3 A + REBAT 4 Ah, for DIN-rail mounting*
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 403.2 x 93 x 66.5 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 3 parts: UPS (switched-mode power supply) and 2 x batteries</li> <li>• Output voltage, output current: 24 VDC/3 A</li> </ul>

! **\*Important:** Not compatible with *ekey home CP WM 1* and *ekey home CP WM 3*.

! **Important:** Not available in all countries. Ask your sales partner.

## Complete set

Part no.	Description
101584	ekey home set KP mini 1, with control panel mini 1, 1 relay
	<p>The complete set includes:</p> <ul style="list-style-type: none"> <li>• <i>ekey home KP IN</i></li> <li>• <i>ekey design element KP IN GL AN</i></li> <li>• <i>ekey home CP mini 1</i></li> <li>• <i>ekey PS DRM 230 VAC/12 VDC/2 A</i></li> </ul>

## ekey multi

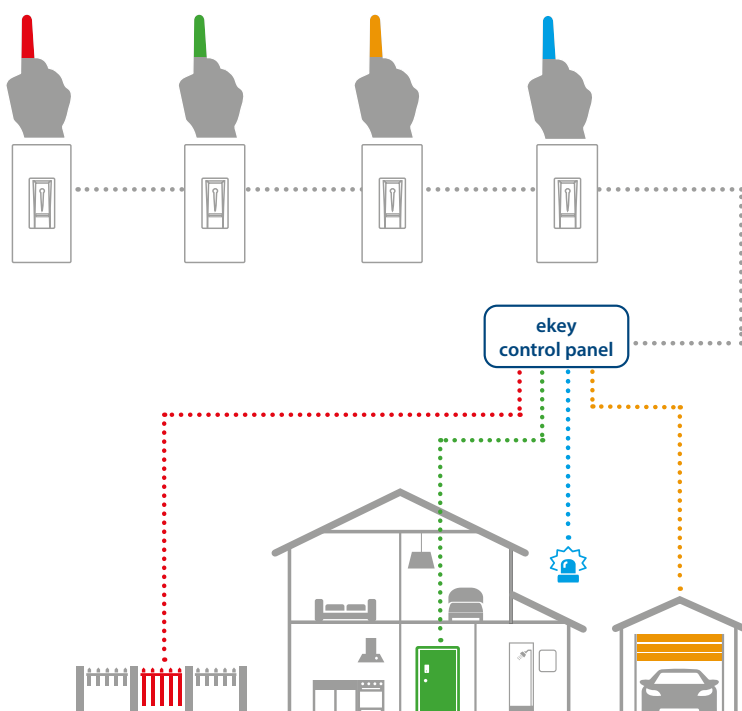

### Multi-point access solutions

Garden ga

#### The ideal access solution for private homes and companies.

*ekey multi* is a revolutionary access control system which can be used for the administration of up to 4 finger scanners in a small network. What makes *ekey multi* really special is that it is programmed directly on an allocated control panel with no need for a PC.

Each user is able to trigger several actions. Individual access rights (including time slots) are easy to assign to specific users (e.g., family members and guests or employees and cleaning staff) via the control panel.

#### Short facts:

4 finger scanners\* are managed by a single control panel.

- Can store up to 99 fingerprints
- Supports up to 4 finger scanners
- Can control up to 4 functions per FS (e.g., door, gate, and alarm system)
- Individually programmable time slots
- Access log for every finger scanner
- Easy to operate with central user administration directly via the control panel
- User permissions can be assigned on a personalized basis (based on location and time)
- Vacation or permanent program
- Optional: Transponder access (RFID) is possible
- > Can also store up to 99 transponders

\*Alternatively: Code pad (keypad) -> can store up to 99 codes

 **Example: Single family house**

**Customer requirements:**

The customer wants to use *ekey multi* and finger scanners or a code pad to control three entrance points and the alarm system. There should be only one way to activate or deactivate the alarm system: from the finger scanner at the front door with a separate finger. Martha and Frank must be able to access all areas. Lucas is not allowed to open the garage door.

	Paul	Sarah	John	
Front door				
Alarm system				
Garage door				
Garden gate				

## Steps in the planning process

### How to plan properly:

1

Select 1-4 suitable finger scanner models and functions (RFID) or a code pad:

- Finger scanner wall-mounted (WM)
- Finger scanner outlet-mounted E (OM E) or outlet-mounted I (OM I)
- Finger scanner integra (IN)
- Code pad keypad integra (KP IN)

Select suitable accessories, if required: Weather shield, wall-mounting set, mounting frame, etc.

2

Select the *ekey multicontrol* panel.

3

Select a suitable power supply:

- Convenient DIN-rail-mounted power supply inside the distribution box (PS DRM)
- Flush mount back box power supply (PS OM)
- Uninterruptible power supply (UPS)

**Attention:** The scope of delivery for door stations often includes a power supply, which can be used for both finger scanners and code pads. Check the voltage and current needed to control the consumers (door opener, motorized lock). The scope of delivery for motorized locks usually includes a power supply.

4

Select a suitable interface (converter), if required:

- For connecting the equipment to home automation systems (*ekey converter CV LAN* and *CV KNX*)
- For connecting the equipment to alarm systems or other access control systems (*ekey converter CV WIEG*)
- ekey KNX Connect (netyard)

For door openers and motorized locks, please note:

- Although door openers are relatively inexpensive, they do not lock the door (you may not be covered in the event of a break-in).
- A motorized lock engages automatically (via mechanical or motorized means) and opens electronically (via motorized means). Advise your customers to purchase a motorized lock or an electric strike when buying a door.

## Step 1: Select 1-4 suitable finger scanners/code pads.

### Finger scanner wall-mounted

Part no.	Description
101405	ekey home FS WM, steel gray
101667	ekey home FS WM RFID, steel gray, incl. 2 ekey RFID cards MIFARE DESFire EV1 <ul style="list-style-type: none"> <li>• FAR: 1:10,000,000/FRR: 1:100</li> <li>• Dimensions W x H x D: 45 x 81.6 x 60.3 mm</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 8-24 VDC</li> <li>• IP Code: IP44</li> <li>• Recommended mounting height: 135 cm</li> <li>• Display: 3 multicolored LEDs</li> <li>• Temperature range: -25 °C to 70 °C</li> <li>• Tamper-proof, data is retained in the event of a power failure, bus termination can be deactivated on the device</li> </ul>

101692	ekey RFID card MIFARE DESFire EV1 2 KB WHI, white, ISO 14443 A
101691	ekey fob BL MIFARE DESFire EV1 2 KB, black, ISO 14443 A

### Accessories

Part no.	Description
101406	ekey weather shield FS WM ST, brushed stainless steel <ul style="list-style-type: none"> <li>• Dimensions W x H x D: 110 x 170 x 95 mm</li> <li>• Recommended mounting height: 135 cm</li> <li>• Scope of delivery: Weather shield, 4 chipboard screws 4x35, 4 screw anchors S5, 3 countersunk head screws M3x16, 3 Torx countersunk head screws M3x6 GU</li> </ul>
101418	ekey cover FS WM ST, brushed stainless steel <ul style="list-style-type: none"> <li>• Dimensions W x H x D: 89 x 87 x 103 mm</li> <li>• Recommended mounting height: 100 cm</li> <li>• Scope of delivery: Cover, 4 chipboard screws 4x35, 4 screw anchors S5, 3 countersunk head screws M3x16, 3 Torx countersunk head screws M3x6 GU</li> </ul>

## Finger scanner outlet-mounted

### Outlet-mounted I for integration into door stations

Part no.	Description
101310	ekey home FS OM I
101671	ekey home FS OM I RFID, incl. 2 ekey RFID cards MIFARE DESFire EV1
102008	ekey home FS OM I BL, black
102009	ekey home FS OM I BL RFID, black, incl. 2 ekey RFID cards MIFARE DESFire EV1
	<ul style="list-style-type: none"> <li>• FAR: 1:10,000,000/FRR: 1:100</li> <li>• Dimensions W x H x D: 50.4 x 50.4 x 30.1 mm</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 8-24 VDC</li> <li>• Temperature range: -25 °C to 70 °C</li> <li>• Recommended mounting height: 155 cm</li> </ul>
	<ul style="list-style-type: none"> <li>• Display: 3 multicolored LEDs</li> <li>• Tamper-proof, data is retained in the event of a power failure, bus termination can be deactivated on the device, compatible with many build-in modules for door stations, letterboxes, wall-mounting sets</li> </ul>
101690	ekey RFID card MIFARE DESFire EV1 2 KB logo, ekey design, ISO 14443 A
101692	ekey RFID card MIFARE DESFire EV1 2 KB WHI, white, ISO 14443 A
101691	ekey fob BL MIFARE DESFire EV1 2 KB, black, ISO 14443 A

### Accessories

Part no.	Description
	<b>Build-in modules for door stations Gira</b>
101380	ekey Modul GIRA TX44 AIG, aluminum gray
101381	ekey Modul GIRA TX44 AN, anthracite
101382	ekey Modul GIRA TX44 PW, pure white
	<b>Build-in modules for door stations Siedle</b>
101376	ekey Modul Siedle Vario DG, micaceous dark gray
101378	ekey Modul Siedle Vario W, white
101379	ekey Modul Siedle Vario SM, silver metallic
101858	ekey Modul Siedle Vario AG, anthracite gray
	<b>Build-in modules for door stations Elvox</b>
101552	ekey Modul Elvox Serie 8000 GR, gray
	<b>Build-in modules for door stations Bticino</b>
101533	ekey Modul bticino Sfera AME, Allmetal
101534	ekey Modul bticino Sfera AWH, Allwhite
101535	ekey Modul bticino Sfera AST, Allstreet
101536	ekey Modul bticino Sfera ROB, Robur
	<b>Build-in modules for door stations Comelit</b>
101473	ekey Modul Comelit ikall SC, build-in module, black, with FS OM E
101629	ekey Modul Comelit ikall Metal, build-in module, Metal, with FS OM E

**!** Important: Not available in all countries. Ask your sales partner.

**!** Attention: RFID function is not possible behind stainless steel or aluminum!

Well-known manufacturers build ekey finger scanners into their door stations and letterboxes:

### Outlet-mounted E for integration into Siedle Vario flush-mounted door stations

Part no.	Description
101148	ekey home FS OM E
101673	ekey home FS OM E RFID, incl. 2 ekey RFID cards MIFARE DESFire EV1
102007	ekey home FS OM E BL, black
102010	ekey home FS OM E BL RFID, black, incl. 2 ekey RFID cards MIFARE DESFire EV1
	<ul style="list-style-type: none"> <li>• FAR: 1:10,000,000/FRR: 1:100</li> <li>• Dimensions W x H x D: 50.4 x 50.4 x 30.1 mm</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 8-24 VDC</li> <li>• Temperature range: -25 °C to 70 °C</li> <li>• Display: 3 multicolored LEDs</li> <li>• Recommended mounting height: 155 cm</li> </ul>
	<ul style="list-style-type: none"> <li>• Tamper-proof, data is retained in the event of a power failure, bus termination can be deactivated on the device, compatible with many switch ranges with 50 x 50 mm internal dimension</li> <li>• Incl. bezel, mounting bracket, spacers, sealing flange</li> </ul>
101690	ekey RFID card MIFARE DESFire EV1 2 KB logo, ekey design, ISO 14443 A
101692	ekey RFID card MIFARE DESFire EV1 2 KB WHI, white, ISO 14443 A
101691	ekey fob BL MIFARE DESFire EV1 2 KB, black, ISO 14443 A

### Accessories - Siedle Vario

Part no.	Description
	<b>Build-in modules for door stations Siedle Vario flush-mounted*</b>
101892	ekey ModulS Siedle Vario DG, micaceous dark gray
101893	ekey ModulS Siedle Vario W, white
101894	ekey ModulS Siedle Vario SM, silver metallic
101895	ekey ModulS Siedle Vario AG, anthracite gray
101897	ekey ModulS Siedle Vario DG LED, micaceous dark gray with alarm LEDs
101898	ekey ModulS Siedle Vario W LED, white with alarm LEDs
101899	ekey ModulS Siedle Vario SM LED, silver metallic with alarm LEDs
101900	ekey ModulS Siedle Vario AG LED, anthracite gray with alarm LEDs

! **Attention:** This accessory is only available in combination with ekey FS OM E!

! **\*Important:** Not compatible with the Siedle Vario surface-mounted door station.

### Accessories - Gira 106

Part no.	Description
101992	ekey Modul GIRA System 106 TW, traffic white
101991	ekey Modul GIRA System 106 AL, aluminum
101990	ekey Modul GIRA System 106 ST V2A, stainless steel V2A

! **Attention:** This accessory is only available in combination with ekey FS OM E!

! **Attention:** RFID function is not possible behind stainless steel or aluminum!

### Accessories - 2N Verso

Part no.	Description
101993	ekey Modul 2N IP Verso BL

! **Attention:** This accessory is only available in combination with ekey FS OM E!

## Finger scanner outlet-mounted E

### For integration into switch frames

Part no.	Description
101148	ekey home FS OM E
101673	ekey home FS OM E RFID, incl. 2 ekey RFID cards MIFARE DESFire EV1
102007	ekey home FS OM E BL, black
102010	ekey home FS OM E BL RFID, black, incl. 2 ekey RFID cards MIFARE DESFire EV1
	<ul style="list-style-type: none"> <li>FAR: 1:10,000,000/FRR: 1:100</li> <li>Dimensions W x H x D: 50.4 x 50.4 x 30.1 mm</li> <li>Power consumption: approx. 1 W</li> <li>Supply voltage: 8-24 VDC</li> <li>Temperature range: -25 °C to 70 °C</li> <li>Display: 3 multicolored LEDs</li> <li>Recommended mounting height: 155 cm</li> </ul>
	<ul style="list-style-type: none"> <li>Tamper-proof, data is retained in the event of a power failure, bus termination can be deactivated on the device, compatible with many switch ranges with 50 x 50 mm internal dimension</li> <li>Incl. bezel, mounting bracket, spacers, sealing flange</li> </ul>
101690	ekey RFID card MIFARE DESFire EV1 2 KB logo, ekey design, ISO 14443 A
101692	ekey RFID card MIFARE DESFire EV1 2 KB WHI, white, ISO 14443 A
101691	ekey fob BL MIFARE DESFire EV1 2 KB, black, ISO 14443 A

### Accessories – bezel

Part no.	Description
101166	ekey bezel FS OM PW 50x50, plastic, pure white
101167	ekey bezel FS OM AIG 50x50, plastic, aluminum gray
101168	ekey bezel FS OM AN 50x50, plastic, anthracite

### Accessories – frame basalte

Part no.	Description
102036	ekey frame FS OM basalte sentido BL, brushed black
102049	ekey frame FS OM basalte sentido SaW, satin white
	<ul style="list-style-type: none"> <li>Dimensions W x H x D: 80 x 80 x 8 mm</li> </ul>
	<ul style="list-style-type: none"> <li>Cover provides maximum IP33 protection and is designed for interior use</li> </ul>

**!** Attention: RFID function is not possible behind stainless steel and aluminum!

**!** Parts shown in red must be purchased from the switch manufacturer.

**!** The ekey FS OM E has been designed for installation in flush mount back boxes in accordance with DIN 49073.

## Accessories – frame

Part no.	Description	
101372	ekey frame FS OM ST, brushed stainless steel	
	<ul style="list-style-type: none"> <li>Dimensions W x H x D: 85 x 85 x 7.2 mm</li> </ul>	<ul style="list-style-type: none"> <li>Cover provides the device with IP 44 protection for use outdoors on exterior rendering with max. 1.5 mm grain size around the electrical outlet.</li> </ul>
101702	ekey frame FS OM GL WHI, glass, white	
101703	ekey frame FS OM GL BL, glass, black	
101704	ekey frame FS OM GL MI, glass, mint	
	<ul style="list-style-type: none"> <li>Dimensions W x H x D: 100 x 100 x 7.5 mm</li> </ul>	<ul style="list-style-type: none"> <li>Cover provides the device with IP 44 protection for use outdoors on exterior rendering with max. 1.5 mm grain size around the electrical outlet.</li> </ul>
101705	ekey frame FS OM503 GL WHI, glass, white	
101706	ekey frame FS OM503 GL BL, glass, black	
101707	ekey frame FS OM503 GL MI, glass, mint	
	<ul style="list-style-type: none"> <li>Dimensions W x H x D: 125 x 100 x 7.5 mm</li> </ul>	<ul style="list-style-type: none"> <li>Cover provides the device with IP 44 protection for use outdoors on exterior rendering with max. 1.5 mm grain size around the electrical outlet type 503.</li> </ul>

**!** Attention: RFID function is not possible with ekey frame FS OM ST!

## Accessories – mounting frame

Part no.	Description	
101779	ekey mounting frame FS OM GL WHI, glass, white	
101780	ekey mounting frame FS OM GL BL, glass, black	
101781	ekey mounting frame FS OM GL MI, glass, mint	
101785	ekey mounting frame FS OM GL MI LED, glass, mint with alarm LEDs	
101786	ekey mounting frame FS OM GL BL LED, glass, black with alarm LEDs	
101787	ekey mounting frame FS OM GL WHI LED, glass, white with alarm LEDs	
	<ul style="list-style-type: none"> <li>Dimensions W x H x D: Mounting frame: 105 x 105 x 54 mm Flush mount back box: 72 x 72 x 57 mm</li> <li>Material: Glass, plastic</li> </ul>	<ul style="list-style-type: none"> <li>Recommended mounting height: 100 cm</li> <li>Scope of delivery: Mounting frame and flush mount back box. A standard flush mount back box is not suitable.</li> </ul>
101838	ekey cavity wall box WHI, for mounting frame FS OM	
	<ul style="list-style-type: none"> <li>Dimensions W x H x D: 83 x 83 x 65 mm</li> </ul>	<ul style="list-style-type: none"> <li>Material: Plastic</li> </ul>
101896	ekey integrationkit FS OM E	
101901	ekey integrationkit FS OM E LED, with alarm LEDs	
	<p>The ekey integrationkit FS OM E is an accessory for the ekey finger scanner FS OM E and can be built into a wide variety of products (letterboxes, door stations, etc.). It is only ever mounted by the user, opening up a number of new possible applications.</p>	<ul style="list-style-type: none"> <li>Suitable for RFID</li> <li>Recommended mounting height: 100 cm</li> <li>Scope of delivery: Mounting bracket for FS OM E, adhesive tape as a mounting aid*</li> </ul>

**!** \*Notice: The adhesive tape is a mounting aid and has not been tested by ekey for all applications. The installer must always check the appropriate way to affix the ekey integrationkit FS OM E for each particular application.

## Finger scanner integra

Part no.	Description
101794	ekey home FS IN
101797	ekey home FS IN RFID, incl. 2 ekey RFID cards MIFARE DESFire EV1
	<ul style="list-style-type: none"> <li>• FAR: 1:10,000,000/FRR: 1:100</li> <li>• Dimensions W x H x D: Housing: 43.6 x 89 x 17.3 mm with design element: 45.5 x 91.5 x 17.3 mm</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 10-24 VDC</li> <li>• IP Code: IP54 (with design element)</li> <li>• Temperature range: -25 °C to 70 °C</li> <li>• Display: 3 multicolored LEDs</li> <li>• Recommended mounting height: 155 cm</li> <li>• Tamper-proof, data is retained in the event of a power failure, bus termination can be deactivated on the device</li> <li>• Incl. 8 m connection cable</li> <li>• Design element not contained within scope of delivery</li> </ul>

101300	ekey flush mount back box FS IN, for flush-mounting installation, 0.5 mm sheet
	<ul style="list-style-type: none"> <li>• Dimensions W x H x D: 42 x 87 x 25 mm</li> </ul>

**!** Notice: Only available in conjunction with ekey design elements.

# Perfect match.

*ekey integra + keypad.*

## Step 2: Select the *ekey multi* control panel.

### Control panel

Part no.	Description
101163	<b>ekey multi CP DRM 4, 4 relays</b> <ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 86 x 54 mm (4HP)</li> <li>• Power consumption: approx. 1 W</li> <li>• Supply voltage: 10-24 VDC</li> <li>• Temperature range: -20 °C to 70 °C</li> <li>• IP Code: IP20</li> <li>• Relay: 4 x potential-free</li> <li>• Max. relay voltage, max. relay current: 42 VAC/DC; 2 A</li> <li>• Operation: 4 buttons</li> <li>• RS-485 termination: switchable</li> <li>• 8 languages can be set</li> <li>• Inputs (request-to-exit button): 4 x potential-free</li> <li>• Display: LCD 106 x 56 pixels, 7 lines/21 characters + 2 x 4 status LEDs</li> <li>• Runtime buffer for built-in clock: 96 h</li> <li>• Connect up to 4 finger scanners/code pads, enroll users, delete individual users, set relay switching durations(0-99 s), change security code, reset, adjust LED brightness, test mode, 3 time zones, access log, master key plan, names input, vacation and permanent program, configurable inputs</li> <li>• KNX-compatible</li> </ul>

### Accessories

Part no.	Description
100433	<b>ekey multi CV USB RS-485</b> <ul style="list-style-type: none"> <li>• <i>ekey multi</i> data backup on PC (finger templates, control panel configuration, log files, etc.)</li> <li>• Configuration of the ekey Wiegand converter (101582)</li> <li>• Scope of delivery: USB converter, software, USB cable</li> </ul>

## Step 3: Select a suitable power supply.

### Power supply

Part no.	Description
100204	ekey PS OM 230 VAC/12 VDC/2 A, power supply outlet-mounted <ul style="list-style-type: none"> <li>• Dimensions Ø x H: 54 x 31 mm</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>
100205	ekey PS DRM 230 VAC/12 VDC/2 A, power supply for DIN-rail mounting <ul style="list-style-type: none"> <li>• Dimensions W x H x D: 52.5 x 93 x 68.5 mm (3 HP)</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 12 VDC/2 A</li> <li>• Temperature range: -10 °C to 45 °C</li> </ul>
100891	ekey PS DRM 230 VAC/24 VDC/2 A, power supply for DIN-rail mounting <ul style="list-style-type: none"> <li>• Dimensions W x H x D: 70 x 93 x 66.5 mm (4 HP)</li> <li>• Supply voltage: 230 VAC</li> <li>• Output voltage, output current: 24 VDC/2 A</li> <li>• Temperature range: -5 °C to 50 °C</li> </ul>

### Uninterruptible power supply

Our recommendation

The uninterruptible power supply (UPS) comprises a switched-mode power supply and a battery. In the event of a power failure, it can be relied upon to supply power to the finger scanner, the control panel, and the motorized lock for several hours.

Part no.	Description
101559	ekey UPS DRM 230 VAC/12 VDC/5 A + REBAT 4 Ah, for DIN-rail mounting <ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 252 x 68 x 95 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 2 parts: UPS (switched-mode power supply) and battery</li> <li>• Output voltage, output current: 12 VDC/5 A</li> <li>• Temperature range: -10 °C to 40 °C</li> <li>• Function display: LED</li> <li>• Advantage: Replaces line voltage power supply; ensures a reliable power supply to the system for several hours. Suitable for use in conjunction with a motorized lock.</li> </ul>
101593	ekey UPS DRM 230 VAC/24 VDC/3 A + REBAT 4 Ah, for DIN-rail mounting <ul style="list-style-type: none"> <li>• Dimensions W x H x D: UPS: 403.2 x 93 x 66.5 mm (6HP) Battery: 157 x 93 x 66.5 mm (9HP)</li> <li>• Supply voltage: 195-265 VAC</li> <li>• 3 parts: UPS (switched-mode power supply) and 2 x batteries</li> <li>• Output voltage, output current: 24 VDC/3 A</li> <li>• Temperature range: -10 °C to 40 °C</li> <li>• Function display: LED</li> <li>• Advantage: Replaces line voltage power supply; ensures a reliable power supply to the system for several hours. Suitable for use in conjunction with a motorized lock.</li> </ul>

**!** **Attention:** The scope of delivery for door stations often includes a power supply, which can be used for finger scanners and code pads too. Check the voltage and current needed to control the consumers (door opener, motorized lock). The scope of delivery for motorized locks usually includes a power supply.

**!** **Important:** Not available in all countries. Ask your sales partner.

## Step 4: Select a suitable interface, if required.

### Connection to home automation systems

Part no.	Description
100460	<b>ekey home CV LAN RS-485</b>
	<ul style="list-style-type: none"> <li>RS-485/LAN interface for connection to third-party systems (e.g., KNX) with UDP protocol</li> <li>Scope of delivery: LAN converter, software</li> </ul>

#### ekey multi protocol

1	0012	PAUL	1	8	1	80131004120001	GAR	1	-
Packet type	User ID	User name	User status	Finger ID	Key	Finger scanner serial number	Finger scanner name	Action	Input ID

Part no.	Description
101719	<b>ekey home CV KNX RS-485</b>
	<ul style="list-style-type: none"> <li>The ekey KNX converter is used to trigger functions in home automation systems based on the KNX home automation bus.</li> <li>Makeup: DIN-rail mounting</li> <li>Dimensions W x H x D: 18 x 98 x 61 mm (1HP)</li> <li>Supply voltage: 12-24 VDC</li> <li>Mounting type: DIN rail</li> <li>RS-485 cable length: 10 m</li> <li>Number of RS-485 interfaces: 1</li> <li>RS-485 protocol: <i>ekey home</i></li> <li>12 events (10 freely configurable, 1 "Unknown", 1 "Security") in addition to relay contacts on the control panel</li> <li>Own ETS application (ETS 5)</li> <li>Functions: Switching, sending values, selecting scenes</li> <li>Assigning an event to a finger</li> </ul>

### Connection to alarm systems or other access control systems

Part no.	Description
101582	<b>ekey home CV WIEG RS-485</b>
	<p>The ekey Wiegand converter converts the RS-485 protocol used by ekey into a 26-bit Wiegand protocol. The product can be configured with the <i>ekey multi CV USB RS-485</i> (100433).</p> <ul style="list-style-type: none"> <li>Scope of delivery: Wiegand converter, software</li> </ul>

### Interface for connecting the equipment to KNX systems

Mfr.	Description
netyard	<b>ekey KNX CONNECT</b>
	<p>The <i>ekey KNX CONNECT</i> is based on the ISE SMART KNX PROGRAMMABLE, which easily and reliably connects the ekey system to the KNX bus. The IP interface is used for communication with the ekey system. The <i>ekey KNX CONNECT</i> can be used with <i>ekey home</i>, <i>ekey multi</i> and <i>ekey net</i> products.</p> <ul style="list-style-type: none"> <li>Further information: <a href="http://www.netyard.de/en/">www.netyard.de/en/</a></li> </ul>

# Upgrade solutions

from *ekey finger scanner wall-mounted 1.0* to *outlet-mounted E* or *wall-mounted 2.0*

## Upgrade solution to *finger scanner outlet-mounted E*

Part no.	Description
On request	ekey wall-mounting set FS WM 1.0 upgrade set
	<ul style="list-style-type: none"> <li>With this upgrade set, these accessories can be used after the lifetime of an <i>ekey FS WM 1.0</i> has ended. The wall-mounting set is reconstructed in a way that allows room for an <i>ekey FS OM E</i>. Cutting and milling work is not necessary for the reconstruction. Everything can be screwed and glued.</li> </ul>
	Scope of delivery: <ul style="list-style-type: none"> <li>Front panel made of stainless steel</li> <li>Mounting bracket</li> <li>Screws for <i>FS OM E</i></li> </ul>

**!** **Attention:** RFID function is not possible with *ekey wall-mounting set WM 1.0 upgrade set!*

**!** **Notice:** Reconstruction work is done in the ekey factory.

## Upgrade solution to *finger scanner wall-mounted 2.0*

Part no.	Description
101753	ekey mounting plate FS WM ST
	<ul style="list-style-type: none"> <li>ekey mounting plate made of stainless steel for the <i>ekey finger scanner wall-mounted 2.0</i> is used as a mounting aid for the <i>ekey finger scanner wall-mounted 2.0</i> on top of electronic flush mount back boxes. It is also used as a mounting aid during upgrades of the <i>ekey finger scanner wall-mounted 1.0</i> to version 2.0.</li> </ul>
	Scope of delivery: <ul style="list-style-type: none"> <li>Mounting plate made of stainless steel</li> <li>Screw anchors</li> <li>Stainless steel screws</li> </ul>

# Know who is at the door!

Integrating ekey finger scanners into building control systems

# HOME AUTOMATION.

Integration of the ekey finger scanner in your building control system.

An ekey finger scanner  
can do more than just open doors.

With the right ekey interface (converter),  
you can trigger a wide range of actions  
via your building control system.

**INTERFACES  
FOR INTEGRATION  
INTO BUILDING  
CONTROL SYSTEMS**

## The advantages of ekey finger scanners in conjunction with building control systems.

### UNIQUE IDENTIFICATION

creates the ideal conditions for a home automation system that works at maximum efficiency so that **your house knows who is home!**

### PERSON-SPECIFIC CONFIGURATIONS, for example

- Children: Disabling the stove, enabling the camera in the house
- Light setting control, heating/air conditioning control, shading

### ACCESS CONTROL

- Thanks to the access log, you know who triggered an action, and when and where they did so!
- It is also possible to use the system for time-recording purposes!
- Information about whether an authorized finger has been swiped over the registration unit.
- Time-dependent authorizations, e.g., cleaner (Friday between 8:00 and 12:00)

### DIFFERENT ACTIONS can be triggered with different fingers, for example

- Enabling/disabling the alarm system
- Checking in and out (in the building control system)
- Opening doors, gates, etc.
- Switching various controls

### SAVING ENERGY

- By controlling all sections of the building, for example
- By using predefined settings for lighting, blinds, heating, air conditioning, and ventilation
- Holiday function

### ACCESSIBILITY

for young and old alike is often a key consideration for customers. For example, enabling voice control using fingerprint identification

### TRIGGERING SEVERAL ACTIONS SIMULTANEOUSLY

Activating the alarm system when leaving the house can, for example, also trigger the opening of the garage door

## ekey interfaces for connecting the equipment to third-party systems:

**ekey home CV LAN RS-485**  
Part no. 100460  
The ekey LAN converter for connecting to third-party systems with a UDP protocol.

**ekey home CV WIEG RS-485**  
Part no. 101582  
The ekey Wiegand converter converts the RS-485 protocol used by ekey into a 26-bit Wiegand protocol.

**ekey home CV KNX RS-485**  
Part no. 101719  
The certified ekey KNX converter converts access information directly into KNX events.

**ekey KNX CONNECT**  
Manufacturer: netyard  
Further information: [www.netyard.de/en/](http://www.netyard.de/en/)

As well as various converters (KNX, UDP, Wiegand, netyard), ekey also offers the option of coupling finger scanners with third-party systems directly using a software development kit and managing them using this.

There is already a wide selection of different manufacturers making building control systems which are designed to make 21st century life as comfortable and safe as possible for you. By using the ekey fingerprint access control system, building control systems can now detect which person triggers an action. As a result, they can control and organize the building based on a particular person.

### By integrating ekey fingerprint access control solutions into building control systems, you get lots of new options:

- 
  - 

• **SMART SECURITY**

Upon arriving home, the user opens the door and simultaneously deactivates the alarm system (if there is no one left in the house, the alarm system is activated when the last person leaves).
- 
  - 

• **IDEAL CONTROL**

An authorized finger can trigger a scenario which, for example, controls the shutters and regulates the amount of sunlight.
- 
  - 

• **SMART LIGHTING SYSTEM**

All the lights are switched off as soon as the last person leaves the house. Similarly, all the defined light elements are switched on when the first person enters the house.
- 
  - 

• **INTELLIGENT ACCESS CONTROL SYSTEM**

The user can implement customized access solutions via time slots, such as restricted access for a cleaner (the user is informed about each access).

### When it comes to user-defined options, the only limit is the user's imagination.

- For public buildings and companies, there is the option to **log who** has entered the building, as well as the **time and location** at which they entered. This also makes it possible to **use the system for time-recording purposes**.
- What's more, **information about whether an authorized finger** has been swiped over the registration unit is available. If a person is not authorized, this information could be used to switch on the garden lighting and store a photo from the door camera in an archive, for example.
- Using a logic in the building control system, it is possible to **trigger a different command with each finger saved**.

Crestron TSW - 1060

# ekey finger scanner + Crestron

Integration into Crestron automation systems.

## Complete integration offers you considerable advantages:

- Own access control system via Crestron
- Access logging
- Custom user permissions
- Central administration via Crestron touch display
- Programmable time slots
- Up to 100 fingerprints and 100 RFID transponders can be stored

## How it works:

1. You need the COMPONENTS from ekey and Crestron.
2. The finger scanners are controlled via the free ekey v1.2 app which is available on the Crestron application market.

You can find further information at:  
<https://applicationmarket.crestron.com/ekey-crestron-fs-for-integration/>

ekey is an official integration partner of Crestron  
<https://www.crestron.com/en-US/Partners/Integrated-Partners/ekey-biometric-systems>

Supports up to 10 finger scanners

## ekey finger scanner for Crestron

Part no.	Description	
<b>For mounting in doors or walls.</b>		
	<b>102067</b>	<b>ekey FS IN E Crestron</b>
	RS-485, for Crestron	<i>FS IN</i> with connection cable

	RS-485, black, for Crestron	<i>FS OM E</i> with RFID reader, for switch frames

## ekey finger scanner + Beckhoff

Integration into Beckhoff automation systems

### Complete integration offers you considerable advantages:

- Maximum security
- Own access control system via Beckhoff
- Authorization systems for plants, buildings, and machines
- Use of existing Beckhoff infrastructure and switch actuators
- Personalized scene selection
- Convenient visualization and administration via touch displays

### How it works:

1. You need the COMPONENTS from ekey and Beckhoff.
2. The finger scanner is controlled via a free Application Note from the *TwinCAT Information System* and the *"Serial Communication" TwinCAT Supplement*.

You can find further information at:  
<http://goo.gl/ZtsaFj>

## ekey finger scanner for Beckhoff

Part no.	Description	
<b>For wall mounting and easy retrofitting.</b>		
101556	<b>ekey FS WM Beckhoff, steel gray</b>	
	RS-485, 255 users, for Beckhoff	FS WM

	RS-485, 255 users, for Beckhoff	FS OM E with integrated switching relay, for switch frames

## Beckhoff components

Beckhoff Automation  
GmbH & Co. KG

Part no.	Description	
KL6041	<b>Serial interface for K bus</b>	
	RS-485	Up to 8 finger scanners per terminal
EL6021	<b>Serial interface for E bus</b>	
	RS-485, 115.2 kBaud	Up to 8 finger scanners per terminal

## Congratulations on purchasing your ekey product!

Your finger is now also your key! Our tips and tricks will help you to make the best possible use of your ekey finger scanners.

### • Installation position and mounting height

**Installation position:** Finding the right position for the finger scanner will make the finger swipe technique much easier to master and will improve finger recognition. The finger scanner works just as well whether you are right-handed or left-handed!

It is important to have enough moving space when standing in front of the finger scanner. Straining to reach the scanner will produce poor results.

**Mounting height:** The scanner can only be used ergonomically if it is mounted at the right height.

Type	Recommended mounting height
<b>WM</b> (wall-mounted)	135 cm
<b>OM</b> (outlet-mounted)	100/155 cm
<b>IN</b> (integra)	155 cm
<b>AR</b> (arte)	155 cm

### • Sensor and finger surface

The sensor is the narrow strip across the bottom part of the finger swipe area. You must swipe the front phalanx fully over the sensor in order to achieve optimal results. The sensor must not be subjected to any mechanical stress other than operation with a finger.

Do not scratch the sensor with your fingernail. Never clean the sensor with the rough side of a sponge or with any aggressive cleaning agents. Damaged sensors must be replaced.

### • Finger scan

From experience, the best fingers to use are as follows: **1. middle finger, 2. index finger, 3. ring finger.** The thumb and the little finger should not be used. Each person will have fingers that are more or less suitable for scanning. It is a good idea to use the hand you write with (right-handed/left-handed), as you will have more feeling in this hand. You should choose a clean finger without any cuts or grazes. If your finger has very few lines due to abrasion or for genetic reasons, it will not be detected by the sensor. Clearly visible lines will make it easier to recognize.

Children should use their index finger or whichever finger they instinctively choose to use. Use the fingers that are most comfortable for you and those that are recognized the quickest.

### • Mounting the control panel

The control panel switches the relay and must, therefore, only be mounted in the protected internal area (tamper-proof). It should, however, be easily accessible for programming purposes.

## • Finger swipe area

A good finger swipe technique is crucial for optimal detection. The best method is to stretch out ALL of your fingers and place the finger to be scanned on the finger swipe area so that only the first phalanx is in contact with it. The joint of the first phalanx should be directly over the sensor.

Place the other fingers to the left and right of the scanner. Do not roll your finger onto the fingertip while swiping. Apply moderate pressure and swipe your finger evenly over the sensor at a medium speed: not too fast and not too slow. The incorrect amount of pressure will produce poor results.

The amount of pressure required will vary according to your skin type. Soft skin will require less pressure; dry skin will require more. Test a few different methods to see how you can achieve the best possible scan results for you. To begin with, the finger swipe technique takes a bit of practice. You will soon learn the best way to operate the scanner.

## • Storing a finger

To enable convenient operation with either hand, and as a backup in case of injury, you should store one finger from each hand.

For fingers that are not so easy to scan – for example, those of small children, elderly people, or manual workers – the same finger should be stored in several storage spaces.

It is generally better to enroll one finger several times rather than several fingers once. This increases the likelihood of detection and means that the system works better at the thresholds of operation (dry fingers, skin cream, or sweat after sport) or when operated under unfavorable conditions.

### Intelligent software:

The key software is learning all the time – it can detect the growth of children's fingers as well as minor injuries and changes to users' habits.

### Children's fingers:

Children's fingers generally work from around school age. The specified mounting height must be observed in order to ensure correct operation.

## Support

Storing fingers and using the scanner is usually a straightforward process. However, if this information does not help you, please contact us:
